Simbahang Lingkod ng Bayan
Task Force: Bangon Pilipinas! for those affected by the Typhoon Yolanda
SLB UPDATE

SitRep No. 11: November 28, 2013; 9:30pm

Data taken from the National Disaster Risk Reduction and Management Council and from ground reports

I. National Situationer

Casualties	5,670 dead, 26,233 injured, 1,761 missing
Affected Population	2,376,210 families or 11,236,014 persons
Damaged Houses	1,176,537
Cost of Damages	Php34,366,518,530.67 worth of damages to infrastructure (Php17,333,367,,534.29)and agriculture (Php17,033,150,996.38)
Cost of Assistance	Php844,781,485.63

As the death toll hits the 5,500 mark, the President has approved the release of Php39 billion to help in the relief and rehabilitation efforts. It is projected that the rehabilitation process will take around 3-4 years. Government is extending help to the victims by opening job fairs in typhoon-stricken areas. Aid continues to pour in from many corporations and international agencies.

II. Relief Operations Summary

We are partnering with many relief operators like the Miriam College and religious congregations such as the FMM and Camillian sisters who are catering to the evacuees in Manila and for various medical missions in Samar-Leyte. There are still goods remaining in the covered courts and we are arranging for transportation to empty everything to give to Tacloban, Leyte and Capiz.

Rehabilitation plans have already been laid out as we explore more areas to extend help aside from Culion. The community validation in Culion will depend highly on the cooperation and lead of the local government and the community's professed needs.
